***'And let us...on your imaginary forces work'***

*Henry V, Prologue*

## SHAKESPEARE'S GLOBE

### Our cause

Here on London's stunning Bankside we celebrate Shakespeare's transformative impact on the world by producing award winning theatrical and educational work.

Inspired and informed by the unique, historic playing conditions of our two beautiful iconic theatres, our diverse work harnesses the power of performance, cultivates intellectual curiosity and excites learning to make Shakespeare accessible to all.

More people engage with the work of William Shakespeare through the Globe than anywhere else in the world and it is the only theatre in London to have resident academics leading original research and tutoring graduate and post graduate studies.

### Shakespeare's Globe on Bankside comprises:

- The reconstructed Globe Theatre which opened in 1997
- The candlelit Sam Wanamaker Playhouse which staged its first play in 2014
- The Sackler Studios which opened in 2010 providing five education and workshop studios in close proximity to the main site
- The Swan Bar and Restaurant, set over two floors, with private dining facilities and stunning views of the Thames and St Pauls

Together, our unique theatres, studios and restaurants form an invaluable network of facilities ideal for staging our bespoke business training programme: Centre Stage.

## CENTRE STAGE

### Overview

Surrounded by an audience of 3,000 people, Shakespeare and his acting company knew how to captivate, educate and entertain a diverse and often unruly crowd.

Centre Stage draws on this history and tradition to deliver a bespoke business training programme designed to challenge, stimulate and develop you and your employees. From effective presentation delivery, managing change or leadership development, our expert trainers will create a programme to respond to and address your particular organisational needs. Centre Stage harnesses the extraordinary levels of production and creative talent found at Shakespeare's Globe to help transform your organisation.

### Training Programme Benefits and Key Objectives

**During Centre Stage: participants will:**

- learn how to inspire their 'audience' (employees/team members/clients/partners) and **communicate with confidence and purpose.**
- gain an insight into the nature of inspiration, motivation and the building of trust in order to **develop their own unique style of leadership.**
- leave with a 'tool box' of skills and learnings to take back into the work place to enable them to **lead and inspire with conviction and clarity.**

Centre Stage is a truly bespoke training. Specific key aims – and an appropriate 'tool box' of skills – relevant to your organisation can be discussed tailored to address your particular business objectives. We will work with you to ensure that each programme is delivered to suit these needs.

## Programme Outline

A full day\* Centre Stage programme would run approximately as follows:

9.00am	Arrival – Welcome and refreshments
9.30am	Introduction to Shakespeare's Globe with access to our theatre spaces
