### **GLOBE RE-IMAGINES HANS CHRISTIAN ANDERSEN'S THE FIR TREE IN OPEN-AIR FESTIVE SHOW FOR ALL THE FAMILY**

**November 2021**

Shakespeare's Globe is delighted to announce this year's **Christmas production, a festive re-imagining of Hans Christian Andersen's *The Fir Tree***. *The Fir Tree* promises to be a magical family festive production of storytelling, puppetry, song and hope. Audiences are invited to take part in carol-singing and tree-decorating while enjoying a hot chocolate or mulled wine under the wintry star-lit sky of the Globe Theatre.

*In a beautiful wood stands a little Fir Tree. Surrounded by neighbouring oaks and cedars, and kept company by friendly woodland creatures, it enjoys a peaceful life. But the Fir Tree is curious. It dreams of a world outside the forest, yearning for adventure. What will happen when it grows up? Where will it go? And will it be everything the Fir Tree wished for?*

This new re-telling of a classic fairy tale is written by acclaimed writer Hannah Khalil, directed by Michelle Terry, designed by Sam Wilde, with music by James Maloney. It celebrates the natural world and shines a light on the importance of taking care of our planet. *The Fir Tree* will use Sam's signature use of cardboard to bring the forest to life. Puppets, costumes, and set have been created from waste cardboard and an accompanying how-to video will encourage the audience to reuse their own boxes to make their own puppets or to decorate the Fir Tree Forest with recycled Christmas Decorations.

**Sam Wilde, Designer, says:** "The Fir Tree teaches us the importance of sustainability, of the role of stories, imagination and of the wonder and lives of trees. Most of the elements of the production come, in one way or another, from the forest. The Fir Tree design is an exciting venture into sustainability within theatre and will repurpose and reuse set, props, and costume elements from previous Globe productions whenever possible. Puppets, costumes, and set have been created from waste cardboard, and as the 'Card-bard' I am encouraging audiences to reuse their own boxes and fill our forest with recycled Christmas decorations. When an alternative has been needed, they have been created from sustainable, recycled, or recyclable materials. This method of designing is not a compromise, but a new way of working for the future."

The ensemble comprises:

## BACKGROUND INFORMATION

Shakespeare's Globe strives to make Shakespeare accessible for all. It is a registered charity and has operated independently since opening in 1997. The theatre closed on 18 March 2020, reopening 19 May 2021.

Continued restrictions and the delay of not being able to open at the beginning of the year has created a deficit of £3.5m for the current financial year. Alongside the support from the Cultural Recovery Fund and furloughing staff, the Globe still lost just under £4m last year. The Globe plans to recoup costs from next year. The vital Cultural Recovery Fund, incredible generosity of sponsors, donors, and the public has allowed the Globe to reopen and start to recoup the devastating impact of the pandemic.

The Shakespeare's Globe site comprises: The Globe Theatre (1997): unique full-scale replica of Shakespeare's original 1599 Elizabethan open-air theatre; Education and Rehearsal Centre (2010); Indoor candle-lit Jacobean Sam Wanamaker Playhouse (2014); Library, archive, lecture theatre and other public spaces. In addition to performances in our London theatres and touring productions nationally and internationally, we also educate through Shakespeare in performance. Working over 139,000 students each year, giving over £2 million in free tickets to schoolchildren, we are the only performing arts organisation in the world with an inhouse faculty of academics who lead on original research into Shakespeare in performance and stage global social justice-themed festivals. Talent development is a key objective and since 2015, our new writing commissions have been nominated for ten Olivier Awards.
